HSE POLICY

Serenade Port primary focus is to protect our business partners (clients & vendors/suppliers), we utilize the expertise of skilled and well trained safety professionals to ensure implementation of safety and quality standards in accordance to ISO 90001 and 22000. Serenade Port is fully engaged to the actualization and sustenance of the community, health, safety, environment and security goal at all times.

We uphold the following safety ideals

- Safety goals are set yearly The need to provide safe facilities and procedures All staff
- should be trained to work safely for their own good and that of the company The
- company principle that all injuries can and should be prevented All equipment which
- may cause injury is safe guarded.
-
- **FOOD SAFETY.** Hygiene and food safety is critical and systems and procedures are rigorously applied our at all times. High standards of hygiene in general areas and food hygiene are a matter of pride for us.
- **SAFETY.** The corner stone of occupational safety is our proactive monitoring approach to involving everyone in setting safe controls for all tasks and ensuring that these are continually reviewed.
- **HEALTH & WELLBEING.** Zero harm as a goal includes zero ill health at work and, indeed, we aim to ensure people thrive at work, achieve their full potential and have a sense of wellbeing. There are 4 key areas of focus: • Occupational Health • Employee Welfare • Work Environment • Health Promotion
- **QUALITY & ENVIRONMENT.** Continuous improvement is core value and seeking practical solutions to the improvement with front line associates and customers is key for us. We recognize that one of our main impacts on the environment is waste production and we always strive to find ways to reduce waste.
